

The University of California Board of Regents are meeting at UCSF's Mission Bay facility November 15th, 16th and 17th.

ReFund the University of California

At the November UC Regents meeting budget analysts will propose \$2.5 billion in new “trigger cuts” to public education. UC’s president has proposed more job cuts and up to 81% in tuition hikes to cover the shortfall.

DEMAND that UC Regents

- ▶ Reverse the proposed cuts to employee retirement benefits, layoff and tuition hikes.
- ▶ Publicly support forthcoming ballot initiatives and legislation to increase taxes on California’s super rich and corporations.

PROTEST CUTBACKS!

**Regents Action at Mission Bay
Wednesday, November 16 at 10am
(Mission Bay Community Center — 1675 Owens St)**

Union members and supporters from all over Northern California are taking the day off to come to San Francisco. We must let the UC Regents know that if they are going to cut anywhere, it should be from the executives' bloated salaries and perks.
